

Transforming Healthcare and Improving Care: Technology Showcase
March 26, Reception & Conference March 27, 2015,
Harbour Towers Hotel, Victoria, BC

This learning seminar showcases evidence-based, technological innovations being used in hospitals today. Healthcare leaders and industry partners will present the evidence leading to early adoption of these disruptive technologies and their successful financial, health and organizational outcomes. Join us in beautiful Victoria for a day of inspiration and networking, followed by a tour of the Royal Jubilee Hospital's (RJH) Patient Care Centre and automated lab system. Questions are encouraged from the audience.
