

Join The Center for Health Design

Wherever you are on the learning continuum; whatever your interest level, business objective or budget; at The Center you'll find tools, research and resources developed and curated to take your healthcare design projects, your organization, your people, or your career to the next level.

OPEN ACCESS RESOURCES

Our industry partners and sponsors help us to provide many resources to the industry at no cost to students, professionals and organizations via our website. Our **Knowledge Repository**, with thousands of searchable articles and research citations, is free to anyone with an interest or need. Our safety, patient room, and occupancy **assessment and evaluation tools** are also available for download. And, a **free subscription to our Currents newsletter** ensures you are up to date on industry news, events, new tools and resources.

AFFILIATE MEMBERSHIP

Through paid membership in our Affiliate program, we provide opportunities for individuals and organizations to access more in-depth information and resources, participate in higher-level learning opportunities, earn AIA and EDAC CEUs, and obtain greater visibility in the industry to meet their professional and business objectives.
