EBDCLUB32	EBD Journal Club: Backstage Staff Communication: The Effects of Different Levels of Visual Exposure to Patients	1.0	Yes

1. Circle all types of communication that can be considered backstage communication in healthcare settings (i.e., a discourse occurring among healthcare professionals away from patients).
 - a. Find out who has seen whom
 - b. Greet patients upon arrival to the clinic
 - c. Request for information/clarification from colleagues
 - d. Help patients for wayfinding
 - e. Find out which patients are in rooms

2. Staff members in clinics with _____ visual exposure to patients reported less concern about having backstage communication.

3. Among all space programs (e.g., team space, corridor, or office), staff members preferred talking in _____ spaces.

4. Which of Visual relationships in healthcare settings can be measured in multiple ways using various tools. This study quantified the visual relationships between two user groups _____ and _____ using Visual Power tool, which is described as visual exposure to patients.
