Attended	AIA	Webinar Title	LU Hours	HSW
Yes <input type="checkbox"/> No <input type="checkbox"/>	WEB24C05_ON	Updating and Activating an Evidence-based Design Lexicon for Aging and Dementia: Notes from the Field	1.0	No

1. From where did the idea of a design for dementia lexicon originate?" Select all that apply.
 - a. Evidence-based design
 - b. M. Powell Lawton
 - c. The Philadelphia Geriatric Center
 - d. Specialized design for senior living

2. What is the basis for determining if the design for dementia lexicon included a design strategy?
 - a. The strategy empowers practitioners.
 - b. It is consistent with the therapeutic objectives for dementia.
 - c. There is a demonstrated link between a design strategies and associated outcomes.
 - d. The design strategy exceeds the expectations of residents, family and employees.

3. In what phase of development is the current design for dementia lexicon initiative?
 - a. 1st
 - b. 2nd
 - c. 3rd
 - d. 4th

4. Which categories does the current lexicon organizational framework include? Select all that apply.
 - a. Degrees of confidence for information sources
 - b. Possible settings for the application of design strategies
 - c. Outcomes associated with design strategies
 - d. Other considerations that are commonly associated with design strategies

NOTE: To have your credit uploaded to the AIA, you must purchase a CEU Management fee from The Center for Health Design store. This \$12.00 fee covers the administrative cost of uploading CEUs to the AIA. <https://www.healthdesign.org/store/products/events-webinars>

ICONS and Innovators Webinar Series
CEU Verification Form & Quiz

5. What is the open-access resource that summarizes select peer reviewed literature? Select all that apply.
 - a. Knowledge Repository
 - b. Key Point Summaries
 - c. Interactive Design Diagrams
 - d. Issue Briefs

6. Presenters assert that Senior Living project designs are often driven by? Select all that apply.
 - a. Regulations
 - b. Eyes
 - c. Trends
 - d. First Cost

7. Evidence-based design is _____. Select all that apply.
 - a. A process for basing decisions about the built environment on credible research to achieve the best possible outcomes.
 - b. The outcomes and subsequent dissemination of a post-occupancy evaluation.
 - c. A collection of design strategies that have been successfully employed in previous projects.
 - d. The measurement of the degree of change associated with educational initiatives about environmental design.

8. A scoping review to identify literature employs a process of _____? Select all that apply.
 - a. Accessing scholarly databases
 - b. Searching for publications using key words
 - c. Identifying the timeframe for publications
 - d. Establishing exclusion criteria

9. Which kinds of information may be accessed using The Center for Health Design's Knowledge Repository.
 - a. Evidence-based design publication citations
 - b. Publication Key Point Summaries
 - c. Interactive Design Diagrams
 - d. Publication SlideCast presentations

10. The Center for Health Design produces "readable" set of research summaries that are supplemented by related design strategies, including: (Select all that apply.)
 - a. Issue Briefs
 - b. Pathways
 - c. Executive Summaries
 - d. Tools
